Stay at this new eco-sustainable property: natural luxury and environmental awareness in the heart of COLOMBIA.

L'intérieur du logement :

Stay at this new eco-sustainable property: natural luxury and environmental awareness in the heart of COLOMBIA. (Groups, family or corporate events) Immerse yourself in the experience of natural luxury at our eco-sustainable retreat, where elegance blends harmoniously with respect for the environment. Located in the heart of the Llano, our sanctuary offers a unique and rejuvenating getaway for those seeking a deep connection with nature. At Refugio Ecosostenible, we have created a space that reflects our commitment to sustainability and environmental conservation. Every detail of our property has been carefully designed to minimise our impact on the environment, from the use of reusable materials to the implementation of eco-friendly practices in every aspect of our operation. Our focus on sustainability in no way compromises on luxury and comfort. With thoughtfully designed facilities and high quality services, we offer our guests an exceptional accommodation experience that feels indulgent and mindful at the same time. From our luxurious suites to our common areas filled with natural charm, every corner of our retreat offers a unique experience that invites relaxation and renewal. In addition, our privileged location gives you direct access to the surrounding lush nature, where you can explore scenic trails, enjoy outdoor activities and connect with the region's unique biodiversity. At the Eco-Sustainable Refuge, we offer a range of luxurious eco-services designed to give you an exceptional experience while connecting with nature. From our commitment to sustainability to our meticulous attention to detail, every aspect of our services has been created for you to enjoy an unforgettable stay that respects the environment. Discover how you can immerse yourself in natural luxury while helping to care for our planet. Rooms designed from containers using international models for tourism, with barbecue areas, themed children's pool and another pool for relaxing with friends and visitors. Event area for parties and celebrations, kitchen, optimised bathrooms, with air-conditioned rooms and all very clean and up to international standards of accommodation. At Refugio Ecosostenible, we not only offer a place to stay, but an opportunity to immerse yourself in a more conscious and balanced lifestyle. Join us on this adventure of discovery and connection with nature, where luxury and sustainability meet in perfect harmony. We are the perfect place for your events. We look forward to welcoming you soon to our ecological sanctuary at ENCANTO LLANERO by XKP. We are pleased to present our rental property, a haven of peace that respects the environment! Located in the heart of a preserved natural environment, our ecological house offers an authentic and sustainable Colombian experience. Designed with eco-friendly materials and sustainable technologies, our house will allow you to enjoy all the modern comforts while respecting the nature that surrounds us. Whether you are here for business or leisure, events are welcome! Encanto Llanero, the gateway to the Colombian Eastern Plains is very close to Bogotá: Villavicencio. This region is known for its biodiversity and particular charm, where entering the nature, we immerse ourselves in the beautiful landscape of the orinoquía, and here we invite you to share some of the tranquility and natural beauty. Come and enjoy all this just a few hours from the capital and take with you the unforgettable memory of the llanero sunset. Examples of sites on your visit: LOS OCARROS BIOPARQUE: This beautiful park opened its doors to the public in 2003, it is located only three kilometres from the city, along the Piedemonte Llanero route, there visitors will have direct contact with the fauna and flora of the Colombian Orinoquia. It has been built around the lake formed by the dam of the Aguas Claras stream that originates in the Vanguardia reserve. It has an extension of 5.7 hectares. Its name is a tribute to the Ocarro or giant armadillo which is on the verge of extinction. It is the only centre specialised in the conservation of endangered animal species in the Orinoquia. It also has the second largest freshwater aquarium in Colombia. Its modern constructions are in accordance with the needs of each of the species that inhabit it. It has a restaurant, cafeteria, children's playground and souvenir shop. TIUMA PARK Tiuma Park is a theme park of adventure, nature and culture. Enjoy safaris in the middle of morichales visiting the equine world, bovine, buffaloes and orinoquia. They have canopy, 5 kinds of horseback riding, rides in tires by the river, crossings, cultural shows, zip line and many typical activities of the adventure and our plains. For bookings or information, Menciona by XKP Caño Buque This place is one of the closest to the urban perimeter of Villavicencio. It is located near the path to reach the village of Carmen and is characterized by the water that runs is crystal clear and cold temperature. In the village of Carmen you can also walk and enjoy the best scenery from the foot of the Llanero mountain. Las Malocas Park The theme park Las Malocas is the ideal place to approach the culture of the eastern plains, in an environment surrounded by the exotic flora of the region and a varied sample of cattle, horses and smaller species. Attractions: The blacksmith's shop, the stables, the "Benedicto Cely" horse-riding ring, the Santa Helena herd and the restaurant. On Sunday afternoons, during the long weekends, you will find the "coleadores" and "vaqueros" showing their skills for the work in the plains. There you can also enjoy ecological horseback riding or biotour in carriages to discover the ecological paradise of Reciclante, where the great variety of native and exotic flora, timber and ornamental species that are part of the nursery, become the best example of biodiversity. Piedra del Amor Sculpture Sculpture made of stone, is a renowned work of the master Miranda, strategically located to observe the city of Villavicencio from the mountain range. This specific point is catalogued by the artist himself as an exceptional place for

observation. It is said that many couples have declared their eternal love on the stone of love, because according to indigenous tradition the frog is recognised as a symbol of fertility. There is a gastronomic establishment in the place. **LOS CAPACHOS:** When clients enter Los Capachos, in addition to the incredible atmosphere and the best music, they have the opportunity to enjoy during their stay an experience that goes beyond the musical taste, part of our cuisine is exposed to you, "included in the cover", in order to complement their moments tasting delicious products that change seasonally to remove the monotony, of course our protagonist, the Sancocho Volador, will always be available for the end of the rumba to return the energy to all visitors. **LOS CAPACHOS RANKING OF THE 100 BEST CLUBS IN THE WORLD, BEST IN ALL OF COLOMBIA.**

Water Route The Water Route, is an experience that begins in the village of La Argentina is located in a sector of the capital of Meta that is popular among the inhabitants of the city, to have ideal landscape properties for mountain biking, hiking and bird watching, where the proper use would lead to the positioning of the same as a tourist destination of national stature, can become another of the most important routes for hiking, bird watching and MTB, without forgetting that the tourists that make this route and wish to stay in this route will be able to do it in hotels that has as priority the nature, it is a route where the tourist will always be in interaction with the nature. After a walk enjoying the sound of the birds and the abundant flora that can be appreciated in this place, one arrives to the village Santa Maria Baja of the corregimiento three, where the visitors can have contact with the community their agricultural practices and delight their gastronomic preparations, that rescue the flavors of the field.

Artisan Tourist Route The Artisan Tourist Route pays tribute to the idea behind each artisan in which a story is woven, a face, hands, and a family, it seeks in a new way to link the craft sector with the cultural heritage of the city and thus highlight the most traditional, ancestral trades so that tourists can learn first hand, where, who and how the crafts that they love are made. This tour has five stations: **ASOARTELLANOS, PARQUE DE LOS ARTESANOS, CALLE DE LAS TALABARTERIAS, GALERIA 7 DE AGOSTO, PARQUE FUNDADORES,** where our visitors will find a variety of products.

El Redento Cristo Rey Hill El Redentor Hill is located at cra 33 B # 40, but to reach this emblematic place you can use two points of reference in the city; through the downtown area, passing 41st Street, where the building of the Mayor of Villavicencio is located, continue the road until you reach the car park Los Espejos on the same street and there you must take the paved detour uphill. The other way to get to this place is to get to the Parque de Los Periodistas, known as Parque Infantil, diagonal to the building on Calle 41 b # 312. 41 b # 312, in an ascent that leads to the hill. At the top of the hill is located the Christ the King, a symbol of peace, made in mid 1949 and led by the Father of the Catholic Church, Pedro Eliseo Achury Garavito. We understand that the department of Meta and its surroundings have a great natural wealth in terms of water sources. The municipality of Acacias is only 21 kilometres from Villavicencio, with a road in perfect condition. Over time, this municipality has been improving its tourist infrastructure and as an ecological and adventure destination it is very attractive. It has become the tourist city of the eastern plains and has very good hotels, such as the Wayra Club Hotel. It also has haciendas for lodging, as well as different restaurants that offer the typical gastronomy of the region, especially the famous Mamona or Ternera a la Llanera. But beyond its tourist attractions, today we want to talk to you about one of its main sources of tourism and that is its water sources, more specifically, its waterfalls. That is why we bring you four recommendations so that you can enjoy the tranquillity and fun that only nature can give you.

WATERFALLS FINCA EL PORVENIR (ACACIAS) This spectacular enclosure of fauna and flora, located in the agro tourist farm El Porvenir, located 7.9 km from the main park in the village of Alto Acacías you can find natural wells, camping area, ecological trails, bird watching and local cuisine. **EL SAGU (ACACIAS)** In the Sagu Canyon you can do different extreme activities such as hiking, canyoning, rappel, among others. It is located between the villages of San Pablo and El Pañuelo, 6km from the town centre, which in time is equivalent to 30 minutes from the centre of Acacias. **CANOS NEGROS (ACACIAS)** This site is characterized for being a contemplative place full of nature. It is located 8.7 km from the main park in the village of Alto Acacías. **LAS DELICIAS (ACACIAS)** In this beautiful place you can go hiking, bird watching and finish refreshing yourself in the cold waters of the Casa Roja waterfalls. It is located on via Cobalto, km 3 vereda el Playon, Finca Agroturística Casa Roja. **RESTREPO METAL** A salt capital of Meta or known as the "Green Municipality" in the foothills of the plains, is a land of strength and friendly people, where you can find beautiful landscapes and unparalleled livestock. **NOT FORGET TO ENJOY A RICE BREAD AND A DELICIOUS OATS:** These are some places to visit in Restrepo: Santuario Inmaculada Concepción De Restrepo, you can see a beautiful mural of religious art by painter Patricia Corzo. La Casa de la Cultura is the headquarters of the Batuta Foundation of the Ministry of Culture, which promotes musical expressions in children and young people, as well as the Folkloric Academy. Salinas de Upin Allí The natural salt water spring from which salt is extracted is located five kilometres from the municipality. Rancho Grande and the sales of salt Allí You can buy the typical regional pastries, made from corn, rice and sago, in the bakeries that line the road to Villavicencio and the road to Cumaral. Thermal baths of Santo Domingo, the Reserve, the Güéjar River and La Curia They are located in the village of El Caney Alto Oriental at kilometre 3. Rancho Camana On the road to the major seminary is the fifth natural reserve of the department. Centro Agro ecológico La Cosmopolitanalt is a beautiful ecological farm where you can learn about the different processes of a self-sustainable farm. It is located at kilometre 7.5 on the road that leads to San Nicolás.
